child Stephanie Lombardo)  
  
Counsel for the Registered  
Nursing Assistants and Ward  
Clerks  
  
Counsel for Allen and Janice  
Murphy

Index to Counsel Arguments and Witness Testimonies

The following index to the transcripts of the Grange Commission hearings is divided into two parts: the first part provides access to the arguments of the various lawyers or counsel who represented individuals and institutions; the second part deals with the testimony of many of those individuals, be they doctors, nurses, parents or lawyers.

Bestide each name is given a date or series of dates, as well as the Microlog reel number. Those users having the 13 reel Microlog set will be able to simply go to the proper reel and date to find the testimony they require. Libraries having a hard copy of the transcripts will be able to locate documents by date when using the index.

The transcripts have been arranged by date and reel number rather than volume number, in order to avoid any duplication in volume numbers between Phase I and Phase II of the hearings.

ROYAL COMMISSION OF INQUIRY INTO CERTAIN  
DEATHS AT THE HOSPITAL FOR SICK CHILDREN  
AND RELATED MATTERS

THE HONOURABLE MR. JUSTICE S.G.M. GRANGE - Commissioner

THOMAS MILLER - Administrator

#### New Publications

Canada. Dept. of Fisheries and Oceans. The Atlantic Salmon in the History of North America. (Canadian Special Publication of Fisheries and Aquatic Sciences, 80). 1985 ISBN 0-660-11923-4. Cat. No. FS 41-3/80E. Price: Canada, \$11.95; Other countries, \$14.35.

"The following work describes the history of man's contact and experience with the Atlantic salmon in North America, from aboriginal times to 1867 and is based principally on...the discovery, observation, exploitation and management of the salmon resource". According to the author, Atlantic salmon presently appear to be in a decline and he hopes that by revealing the history of salmon use he may be able to provide some information which would prove useful to those attempting to manage salmon stocks today.

#### WNY/ONT ACRL Chapter Fall Meeting

The Return to the Prince of Wales Hotel, Niagara-on-the-Lake

We have once again scheduled the fall meeting for September 19, 1986. The program will be titled -- "Faculty Views of Libraries". We anticipate having a panel of faculty present their views of academic libraries and also a panel of librarians discuss faculty concerns.

If anyone would like to reserve a room for September 18, 19, 20, please contact Ray E. Metz at the University of Rochester (716) 334-4080. We are trying to again arrange for a group rate. It is a beautiful hotel and a beautiful area.

The author begins the book with a general historic overview, then looks at salmon use and misuse in selected continuous time periods, such as Precolonial fishery; Early colonial, 1604-1713; 1713-1760; and so on. During these time periods, he covers the increase in the freshwater salmon industry and exploitation, the decrease of salmon in many previously abundant river sources; the first conservation campaigns in the 1850's and 1860's, to the first regulatory Act in 1868 from the new Dominion's Department of Marine Fisheries.
